## KELP PATROL

Shove off and tackle the big water with these seaworthy wares

### Where to Take It:

Puget Sound, Washington Northwesterners have an old rain joke: "You don't tan up here; you rust." But those setting course for the region's hundreds of islands, pebbled coves, and sandy beaches hardly mind a little spitting. They've got sweet sea-level gear like that shown here—bomber pieces built for warmth, safety, and weather.
