liners with three-dimensional plastic exteriors. The light-bending Prizm glistens like a gem, the bumpy Beadle sparkles like a disco and the swirling Swizzle shimmers like the ocean. The Liquid Solution PC water bottle, the Bootleg, features double-wall insulation, a rubber grip and a sip lid. New colors include sage, raspberry and denim. 503.582.8787 or [www.pacific-cornetta.com](http://www.pacific-cornetta.com)

#### Princeton Tec

The new Corona headlamp provides four levels of brightness thanks to eight shock-resistant, bright white, wide-angle 5 mm LED bulbs. Users can modulate the brightness on each of the four settings. Bulb-life is estimated at 30 to 70 hours for the different cycling modes. The nylon headstrap features head assembly pivots to control the directionality of the beam. It runs on either lithium or alkaline batteries, which are housed in a waterproof pack. Weight is 8 oz. and MSRP is \$50. 609.298.9331 or [www.princetonotec.com](http://www.princetonotec.com)

#### Proderma

Rated at SPF 30+, Proderma Prism sunscreen is water-resistant, and formulated to be effective in a wide spectrum of temperatures. It is quick drying and alcohol-free and doesn't leave a greasy residue. 800.447.3035

#### Royal Robbins

The Impulse Tank and Cap Sleeve for women use mesh-woven cotton layered over Meryl nylon, and the Reaction Crew for men uses a similar cotton and polyester. Overlaying contrasting colors gives

the shirts a two-toned appearance. The Reaction Crew has saddle shoulders, which eliminate seams under backpacks and bags, and a Dri-X-Treme wicking finish. MSRP for the Crew is \$32, Tank is \$28 and Cap Sleeve is \$32. 209.529.6913 or [www.royalrobbins.com](http://www.royalrobbins.com)

#### Seattle Sports

The newest addition to the LEDHedz line of hands-free lighting, The Tech10 features a wide profile 10 mm LED and a soft-touch rubberized grip. The reversible, detachable hat clip and removable keychain allow the Tech10 to be utilized in various settings. MSRP is \$7.95.

One of several pieces in the PVC-free Titan Dry Bag line, the new AquaCell features a carbon print pattern and an eco-friendly urethane body combined with a valve system for purging of trapped air. Available in two sizes, MSRPs are \$29.95 and \$39.95. 206.782.0773 or [www.seattlesportsco.com](http://www.seattlesportsco.com)

#### Shock Doctor

The new Ultra Custom is designed to combine the fit of a custom footbed with the advantages of Shock Doctor biomechanics. A three-layer system includes a firm EVA base layer, a softer shock-absorbing EVA middle layer and a Visceolastic Slow Recovery Foam top layer that maintains constant fill and support and re-conforms after each use.

The new Running footbed features a softened lateral/outside so that the compression is deeper while the heel remains stabilized in the heel cup. An injection molded medial chassis
